President Trump:

Re: Sexual Predator

The Hollywood Access tape which shows you bragging about groping women and laughing tells it all. You do not have the moral character to be President.

You are an egotist, full of yourself - yet I see you as an empty shell, filled with crap. You have a disgusting attitude that you force onto others who are less fortunate. You jingle gold coins - and girls come running. Yet they do not approach, otherwise.

You denigrate women and make it a joke. I do not share the joke: I treat women with respect and most other men do as well.

Admit it, President Trump, you're a loser and a sexual predator. Sad.
