Re:The Mean Spirited Presidency of trump\*

On the heels of your failure to repeal and replace the ACA (Yes, you own it - and you failed bigly.), you declared "Let ObamaCare fail - and then the Dems will come to us and negotiate."

You must be the most mean-spirited, nasty person ever - and you're the President. You sound as if you want healthcare only for Republicans; you don't care if some folks are affected by your failed leadership. Get it together, dork - the ACA is the law and you're the President.

YOU ARE RESPONSIBLE. YOU OWN IT. DON'T MAKE IT FAIL ON PURPOSE - AND AFFECT MILLIONS OF PEOPLE ADVERSELY.

You didn't drain the swamp. You simply replaced it with your despicable, mean-spirited slime of an administration. You're such a failure. Pathetic. Bigly.

How low can you go, trump\*. Get smarter - stuff your brain with your s\*\*t and you'd make better decisions. I've never met anyone so publicly stupid and mean.
