President Trump:

Re: Mexican Border Wall

I have no problem with providing proper border control - but a "beautiful wall" is an insult, both to Americans who find this offensive but to our neighbor, Mexico.

Robert Frost said "Good fences make good neighbors."; in this case, a Trump fence makes for bad relations.

And now you want the American people to pay for this offensive erection. I know what you will do: you'll send a bill to Mexico and when they don't pay, you'll say "See. Mexico is a bad neighbor. Won't pay their bills.". This is only your idea that Mexico will pay; they have no obligation to pay.

Don't waste our money. Use your own if you're so rich. Doubtful policy. Sad. Poor judgment; your stock in trade.
