Re: Special Counsel is a Witch Hunt

You have called Special Counsel Mueller;s investigation the ‘single greatest witch hunt in political history’. Yes, it is a witch hunt - and you’re the wicked witch that he’s going to catch. Like common dirt, you will be swept out of office by Mueller’s broom.

You also said this is ‘bad for the country’. I don’t think it’s bad; it’s great because you will be driven from office - and America will be great again.

Good riddance.
